GET YOUR COMMISSIONS  
QUICKLY!

Enrolling in **SEACRET Pay** is a great way to get fast and easy access to your commissions. No more waiting for checks to arrive—you can simply use SEACRET Pay to load your commissions onto a SEACRET Debit Card, or transfer the money straight to your bank account! With SEACRET Pay, you'll have greater flexibility and control of your commissions.

You can begin the enrollment process through the Agent Backoffice. When you log in, you'll see a **gear icon** next to your name and Agent information in the **upper left corner** of the Backoffice screen. When you click there, you'll see some options pop up—one of them will be SEACRET Pay.

When you click SEACRET Pay, you'll see a pop-up notification asking you if you want to proceed. If you do, click "yes."

That's it. Your request is received and it may take up to 4 weeks for your SEACRET Pay account to be processed. Once it is you'll receive an email notification with information on the next steps of the enrollment process.
